No.710/46-K,
Development Department,
Secretariat (Annexe), Fort,
Bombay, 18th November 1952.

From

Shri V.N.Pimenta,
Assistant Secretary to the Government of Bombay,
Development Department.

To

The Regional Director of Resettlement and Employment,
Mercantile Chambers,
Ballard Estate, Bombay.

Subject: Technical Training Centre at Hubli.

Sir,

I am directed to say that the Government of Bombay has framed a scheme for providing facilities for training of industri workers in alternative occupations such as tailoring, carpentry, turning, moulding, fitting, smithy, spray-painting etc. Industrial Training workshops have been started at Bombay, Sholapur and Ahmedabad under this scheme. The question of providing simila facilities for training at Hubli where there is a large industria population of about 50828 out of the total population of 1,29,00 has been under the consideration of this Government. But since the Regional Director of Resettlement and Employment is already conducting a technical training centre at Hubli and since the Government of Bombay shares the cost of these centres it appears that it would be more convenient if the Regional Directorate

expands...

its training centre to meet the requirement of the industrial workers at Hubli. I am to enquire therefore whether arrangements can be made by you to expand the training facilities provided at the technical school conducted by your Directorate at Hubli and if so, how many seats can be provided for the benefit of the industrial workers and in which trades or occupations such training can be given.

I am also to request you to state the probable extra cost which will have to be incurred on account of the proposed expansion of the training centres at Hubli and the share of cost which will have to be paid by this Government.

An early reply is requested.

Yours faithfully,

Assistant Secretary to the Government of Bombay,
Development Department.

Resubmitted.

2. The T.I. had unofficially informed this Deptt that certain fields in the Ex C.T. Settlement at Hubli which are in the possession of that Deptt and certain others which are proposed to be given to it for starting a Technical Training Centre at Hubli would not be required by that Deptt if the plan to start the said centre is dropped. From the letter at p 1 ante it appears that the question has

not been settled finally as yet. Since orders in the matter of disposal of certain bldgs in the Ex C. T. Settlement, Hubli, are being held up pending official intimation from the D.D. that the bldgs referred to above are not required by it that Deptt may be requested to state urgently what is the final decision of that Deptt in the matter.

3. The D.D. may see U.O. as proposed

Development Department,
K Br.

Some of the structures in the Ex.C.T.S.at Hubli were transferred to the Labour Department for accommodating a 'B' type labour welfare centre and not for starting a training centre as stated in the E.D. note. It has been decided not to shift the B type labour welfare centre to the structures in Settlement referred to. In view of this decision, out of the structures Nos.8,9,10,11 and Carpentry shop transferred by E.D. to Labour Department it has been proposed to retransfer the structure No.11 to the E.D. The addl. structures Nos.3 and 6 proposed to be transferred to this Department will also not be required. The remaining structures 8,9,10 and carpentry shop will be required for setting up a workshop at Hubli if it is not possible for the Directorate of Resettlement and Employment to expand the training facilities at Hubli for the benefit of industrial workers. Till this question is decided the structure Nos.8,9,10 and carpentry shop cannot be surrendered. The E.D's attenton is may be invited to its note dt. 27/10/52 on this Deptt. file No.710/46 copy of which has been taken out by that Deptt.
